

**ST. JOSEPH'S ROMAN CATHOLIC PARISH**  
&  
**OUR LADY OF GUADALUPE MISSION**

Just a quick FYI on a few things:

1. The times for the Sunday Masses will now be 8:00 AM & 9:30 AM. This is due to the high heat that we have had the last two weeks during the later Mass. As we move into summer, it would likely only get hotter and more oppressive during the late morning, so I hope this will help keep us more comfortable moving forward.
2. Thanks to the generosity of a benefactor, we will soon have a improved sound system for outside! The road noise was overwhelming the audio system we had, so this new system should give us a bit more power. Plus, now more people can hear the Gospel, which is never a bad thing!
3. As always, please feel free to offer any feedback. This is uncharted territory for all of us and will necessarily entail some trial & error until we work out a functioning system for our outdoor Masses.

Stay safe, stay healthy, & most importantly, stay close to Our Lord!

Yours in Christ,  
Fr. Shaw
